PROCESSING DEPARTMENT  
OFFICE OF THE DIRECTOR

February 8, 1961

Dear Alex:

This will confirm Lewis Coffin's oral report to your office that the Library must decline your request to distribute through the Documents Expediting Project publications of the Central Intelligence Agency which bear a notice that they may not be reproduced in whole or in part without permission of the Agency.

Since these publications are not security classified and since the information in them is not protected by Copyright, the notice of restriction on them would appear to have no legal basis. Our participation in this distribution and our enforcement of the restriction with regard to copies which would be added to our collections would involve us in obstructing the free use of open government produced information.

In accordance with your telephone request, I return herewith the proposed distribution lists ("Library Distribution of ORR Unclassified Reports") which you sent to Mr. Wood of the Library's Exchange and Gift Division.

Sincerely yours,

John W. Cronin  
Director  
Processing Department
